

ASSISTANCE WITH USDA REAP GRANT APPLICATIONS FOR INTERCOUNTY ELECTRIC MEMBERS

We are excited to announce a special program available to Small Business account members of Intercounty Electric!

Starting now and for a limited time only, you can take advantage of an exclusive offer to assist you in applying for a USDA Rural Energy for America Program (REAP) grant. The USDA REAP grant provides funding for up to 50% with a maximum of \$500,000.00 of the cost of purchasing and installing energy-saving improvements for your business. This is an excellent opportunity to upgrade your operations with high-efficiency HVAC systems, insulation, lighting, doors/windows, air compressors, refrigeration units, and more.

Please note, this program is only applicable to projects that have not yet begun.

Through this special offer, Missouri Enterprise will provide you with a free assessment of the energy impact of your proposed improvements, and you can receive complementary assistance in completing the USDA grant application.

Don't miss out on this fantastic opportunity to improve your business's energy efficiency and reduce costs. Act now and take the first step towards a more sustainable future!
